Subject: FPN E19902 Slauson Tanker Fire

Hi Deryck,

Are you still the AQMD contact for the Slauson Tanker Fire (210 W. Slauson Ave, Los Angeles)? The RP is finally getting a workplan finalized for the soil excavation, and I wanted to get the stakeholders together to see if we can get this done before the rainy season.

FYI – the principal holdup has been the disposition of the residence at 216 W. Slauson, which is now in the permit phase for demolition. Once that's out of the way, the excavation can proceed. I am trying to facilitate permitting agencies as best as possible so we don't have another release to Waters of the United States.

Cheers,

Ben Castellana, Ph.D.
